**FACM provides a forum for county managers to develop professional relationships, discuss current and future issues affecting counties, and provide mentoring opportunities, education, advice and advocacy on statewide issues.**

## Join the conversation

The listserv is an active tool allowing managers to share ideas and solutions

## Professional Development

Education Tracks include an Advanced Level track and an Intermediate Level track. Detailed information on both tracks can be found on the FACM website. Workshops keep you up to date on the latest information while building a support system of fellow county administrators.

## Online resources

FACM's website is home to exclusive online resources meant to assist with your daily job duties
